

THE NEW STILO-S FAMILY

made by *intercable*

STILO-S40

The all-rounder

STILO-S54

The energy champion

STILO-S50F

The industry professional

Technical description

- Open cutting head with endless rotation
- Cutting blades in alloyed and hardened tool steel with special coating for wear reduction
- Light, compact and resistant design
- Extremely fast work due to triple axial piston pump
- Electronic control and monitoring of the cutting process
- Service-friendly blade change due to simplified innovative design
- Patented cutting detection: automatic opening of the cutting edges and engine shutdown after completed cutting process
- Manual head opening possible in any position
- Multifunction electronics with sleep mode, maintenance indicator and service control
- 3-color LED for display of service, battery and cycle messages
- Readout of all cycles and service data via USB
- Charge level display directly on the battery
- Integrated service management with software updates via USB
- Fast head opening due to patented return system

STILO-S40

Stronger than before: The innovative cutting geometry is optimized for cutting fine and stranded aluminum and copper cables up to $\varnothing 40\text{mm}$

Application area:

- AL-single core.....max. 4 x 120mm²
- AL-multi core.....max. 4 x 120mm²
- CU-multi core.....max. 4 x 95mm²
- fine stranded cables class 5

Set equipment:

- Hydraulic cutting tool
- Sturdy transport case with deep-drawing insert
- RED-Li-Ion battery
- Battery charger
- Instruction manual
- Software
- USB cable

Dimensions:

- Tool with battery: 457 x 130 x 82 mm

Weight:

- with battery3,1 kg
- without battery.....2,7 kg

STILO-S54

Intercable's most powerful STILO cutter specifically designed for power and underground cables

Application area:

- CU/AL round multi core...max. 1 x 240mm²
- AL-single core.....max. 4 x 150mm²
- AL-multi core.....max. 4 x 185mm²
- CU-multi core.....max. 4 x 120mm²
- Specially designed for power and underground cables

Set equipment:

- Hydraulic cutting tool
- Sturdy transport case with deep-drawing insert
- RED-Li-Ion battery
- Battery charger
- Instruction manual
- Software
- USB cable

Dimensions:

- Tool with battery: 493 x 140 x 82 mm

Weight:

- with battery3,9 kg
- without battery.....3,5 kg

STILO-S50f

The specialized cutter with specific sharpened cutting edges for industrial applications

Application area:

Specially designed for fine and superfine stranded cables of class 5 and class 6

Set equipment:

- Hydraulic cutting tool
- Sturdy transport case with deep-drawing insert
- RED-Li-Ion battery
- Battery charger
- Instruction manual
- Software
- USB cable

Dimensions:

- Tool with battery: 468 x 134 x 82 mm

Weight:

- with battery3,2 kg
- without battery.....2,8 kg
