

# 6-CYLINDER DIESEL ENGINE

## **YMZ 5368-20**

- Advanced design
- Up to 30,000 hours of lifetime
- Highly reliable and fuel-efficient
- Low noise and vibration
- Low cost of ownership
- Eco-friendly

**YANZ**

# SPECIFICATIONS

General performance	YMZ 5368-20
Cylinder number	6, inline
Bore & stroke, mm	105x128
Displacement, l	6.65
Compression ratio	17.5
Rated power, gross, kW (hp)	160 (218)
Maximum power (short time, 1 hour), kW (hp)	176 (239)
Rated speed, rpm	1500
Speed droop, % not more	3
Lubrication system, l	23.5
Oil cooling system, l	14
Dry mass, kg	620
Overall dimensions (length, width, height), mm	1308 / 759 / 963
Application	Gensets
